SUMMARY

Full Stack Developer with hands-on experience building scalable web applications using Java, Spring Boot, Node.js, Express.js, React.js, MySQL, and MongoDB. Skilled in REST API development, JWT authentication, RBAC, database management, and backend development.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend: HTML, CSS, React.js, Tailwind CSS

Backend: Node.js, Express.js

Databases: MySQL, MongoDB, Redis

Tools & Technologies: Git, GitHub, Docker, Postman, JWT, REST APIs

Core Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Agile Development

EXPERIENCE

Kodexive Technologies

Moradabad, Uttar Pradesh | 3 Months

Full Stack Developer Intern

[Experience Letter](#)

- Developed and maintained full-stack applications using React.js, Node.js, Express.js, and MySQL, used and tested by **1,000+ users**.
- Built **60+ REST APIs supporting 4 user roles** for authentication, user management, subscriptions, payments, attendance, and dashboards.
- Implemented JWT authentication and role-based access control, securing protected routes and sensitive user data.
- Designed and integrated **15+ MySQL tables**, improving data organization and relational integrity.
- Optimized CRUD workflows and SQL queries, improving **data-entry efficiency by 35%** and dashboard **data retrieval by 25%**.

PROJECTS

1. URL Shortener Application

[Live Demo](#) | [GitHub](#)

Tech Stack: Java, Spring Boot, MySQL, REST APIs

- Built and tested a URL shortener with **5+ REST APIs** for URL creation, redirection, link management, and click tracking.
- Implemented click analytics with an interactive dashboard to track **100+ link clicks** and visualize URL performance.
- Designed MySQL database operations for URL mappings and click activity, **improving data retrieval efficiency by 25%**.
- Developed backend workflows using Spring Boot, **reducing manual URL management efforts by 40%**.

2. Payment Gateway CMS – Merchant & Payment Operations Platform

[Live Demo](#) | [GitHub](#)

Tech Stack: Node.js, Express.js, React.js, MySQL, Redis, JWT, Razorpay & Cashfree APIs

- Built and tested a payment management platform with 100+ REST APIs covering merchants, transactions, refunds, KYC, wallets, settlements, and analytics.
- Developed Admin and Merchant dashboards with **10+ operational metrics** for monitoring payments and business activity.
- Integrated Razorpay APIs and webhooks, **reducing manual transaction tracking by 60%**.
- Designed 15+ MySQL tables and optimized queries, improving **data retrieval performance by 25%**.
- Implemented Redis-based OTP and temporary token management, **reducing unnecessary database operations by 30%**.

3. Zymgo – Gym Management & CRM Platform

[Live Demo](#) | [GitHub](#)

Tech Stack: React.js, Node.js, Express.js, MySQL, JWT, Tailwind CSS, REST APIs

- Developed and tested a gym management platform supporting **4 user roles and 6+ business modules** including members, subscriptions, attendance, and payments.
- Built **60+ secure REST APIs** for authentication, role-based access, gym onboarding, member management, subscriptions, and payments.
- Designed and integrated **15+ MySQL tables**, improving data organization and relational integrity.
- Improved dashboard **data retrieval performance by 25%** through optimized queries and efficient API responses.

EDUCATION

Bachelor of Technology in Computer Science and Engineering (B.Tech CSE)

Moradabad, Uttar Pradesh

Teerthanker Mahaveer University

Aug 2023 – May 2027

CGPA: 9.18/10

CERTIFICATIONS

- AWS Cloud Practitioner Essentials – AWS | 2025
- Java Training – Spoken Tutorial Project, IIT Bombay | 87.50%
- Agile Methodology – IBM / Teerthanker Mahaveer University | 2025
- Software Engineering Job Simulation – Accenture / Forage | 2025
- PBEL Equivalent to Virtual Internship – AI – IBM Developer Skills Network | 2025

ACHIEVEMENTS

- Solved 106+ problems on LeetCode, continuously improving problem-solving and DSA skills.
- Team Lead for an internal college hackathon, coordinating the team and guiding the development of the project.
